Lennie

Global deadline = 2030

Nordic and Baltic Sea region = huge

potential, but highly unsustainable
production and consumption

Generational divide in understanding
and power

ReGeneration
2030

Today | Tomorrow | Together

Vision

**Reach climate and social justice
through political and economic change
in the Nordic and Baltic Sea region**

A group of young people are participating in a climate protest outdoors. They are holding various signs and a flag. One prominent sign says "POWER TO THE PEOPLE" in colorful letters. Another sign says "LIKE THE SEA WE RISE" with a hand icon. A third sign says "INGEN KAN BLOMSTRÄ I ETT DÖTT HAV" (No one can bloom in a dead sea). A sign on the left says "region OUR future". A man in the foreground is holding a flag with a green and white design. The background shows trees and a clear sky.

Mission

Build youth power across the Nordic and Baltic Sea region to push for a just sustainable transformation by 2030.

How we run things

- **Bottom-up collective organising**
- **Working together in solidarity through a committed partner network**

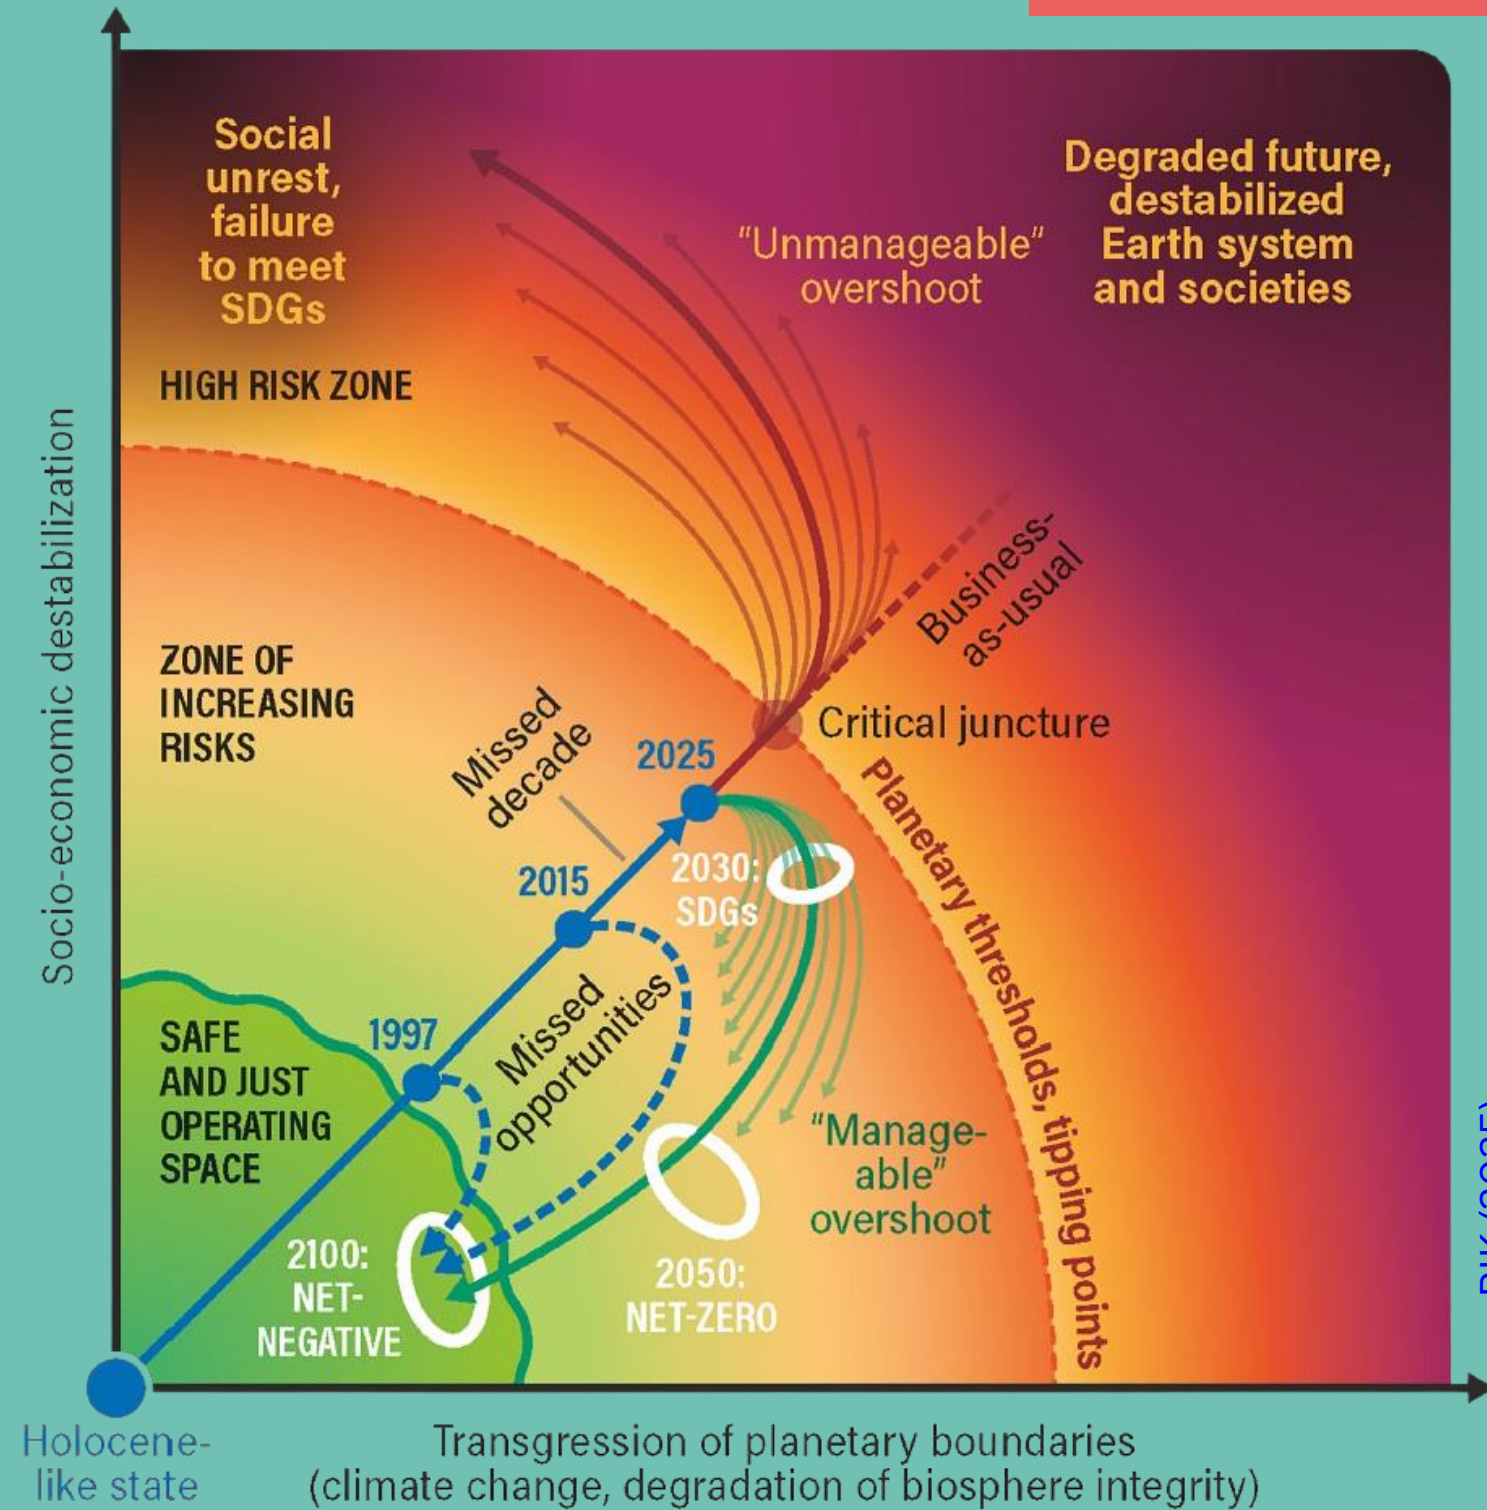

ReGeneration Week

Catalysts For Change

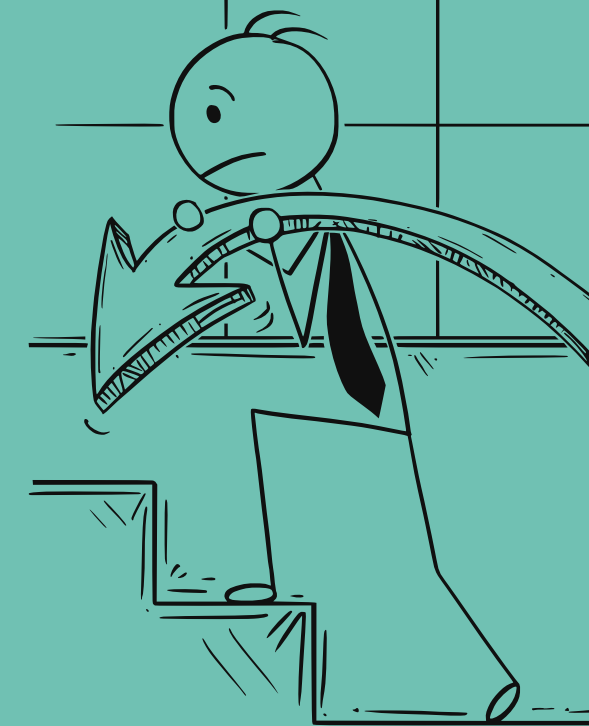

Our message of **system change**

There is
NO Planet B

Post-Growth

Well-Being Economies

There is
NO Planet B

Post-Growth

Well-Being Economies

1. Change the Scorecard
2. Re-write the Rules of Your City
3. Stop Chasing Dirty Growth

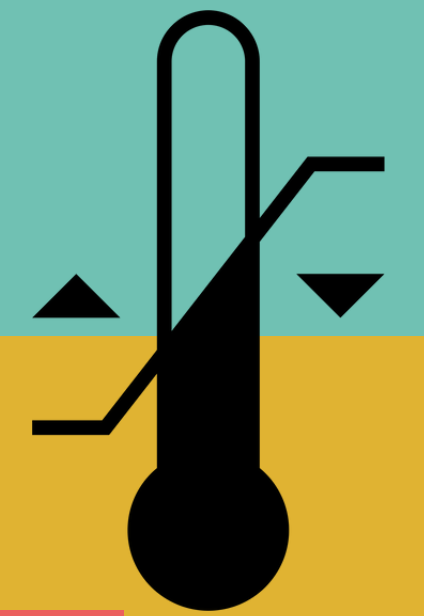

Scientific & Justice-Led Transformation

Scientific & Justice-Led Transformation

- 1. Lead by Example
- 2. Regulate and Tax
- 3. Champion Justice

Decolonize Sustainability

Embrace **Plural** Knowledge

ReGeneration
2030

Today | Tomorrow | Together

Decolonize Sustainability

Embrace Plural Knowledge

1. Return Decision-Making Power

2. Value Different Kinds of Knowledge

3. Protect and Restore Land Access
